

The Wonder Rear Twin Bed completely reimagines what's possible in a sub-25-foot floorplan, offering a separate bedroom at the rear with convertible twin beds that can be joined to create one large bed. A full-size 3-piece lavatory with an enclosed shower and one of the largest galleys in the Leisure Travel Vans lineup further enhances comfort and livability. Finally, the Wonder Rear Twin Bed takes exploring to another level with an exterior pass-through garage.
